

What is Feed My Lambs?

- ▶ A weekend meal program that provides students in need with two breakfast items, two lunch items and four snacks while school is in session from September through May.
- ♥ Currently we serve two schools: Walls Elementary and Lake Cormorant Elementary.
- ♥ No income guidelines are required, but participants must be referred by the schools.
- ♥ Minor Memorial UMC began the Feed My Lambs ministry in 2012. When the program first began, we started with seven children. Over the past years, we have served between 100 to 150 children weekly.

How the program works

- After completing their screening process, the school staff provides Minor Memorial UMC with the number of bags needed. Weekly meals are sent to the school.
- ♥ School staff distributes the bags each Friday (or last weekday).

Benefits of the program

- Children are less likely to become ill and are better focused at school on their work.
- ♥ Children feel better about themselves.
- Families are less worried about weekend food scarcity.

Feed My Lambs is funded completely by donations.

Shopping, sorting, packing, and delivery are done by volunteers.

\$4 feeds a child for a weekend. \$120 feeds a child for the school year.

The average family of four spends \$30 at a fast-food restaurant for one meal.

That would provide about eight weekends of food for a child.

		nildren for a gift of \$120 each per year.
